

## EXHIBIT A IDENTIFICATION OF PETITIONERS

The parties identified below subscribe to and have duly authorized the submission to the Pennsylvania Environmental Quality Board of the attached Petition Pursuant to 25 Pa. Code §§23.1-23.5, Article I, §27 of the Pennsylvania Constitution, and the Pennsylvania Air Pollution Control Act to Adopt the Attached Regulation Establishing a Comprehensive Program to Limit Greenhouse Gas Emissions to Conserve and Maintain a Stable Climate and Other Public Resources for Which The Commonwealth is a Trustee and to be identified as Petitioners on said Petition.

### 1. **Clean Air Council Petitioner**

Joseph Minott as Executive Director and Chief Counsel and in his individual capacity  
135 South 19th Street, Suite 300 Philadelphia PA 19103 215-567-4004  
[joe\\_minott@cleanair.org](mailto:joe_minott@cleanair.org) [routh@cleanair.org](http://routh@cleanair.org)

Petitioner Clean Air Council is a member-supported environmental organization headquartered in Philadelphia, Pennsylvania. The Council is dedicated to protecting and defending everyone's right to breathe clean air. The Council works through a broad array of related sustainability and public health initiatives, using public education, community action, government oversight, and enforcement of environmental laws. The Council is currently fighting for strong regulations of carbon dioxide ("CO<sub>2</sub>") and methane at both the state and national level. These pollutants make up over 90% of America's greenhouse gas emissions. Due to its emissions of CO<sub>2</sub> and methane, Pennsylvania alone is responsible for a full 1% of the world's greenhouse gasses.

Mike Italiano, CEO 4919 Ashby St., NW Wash., DC 20007 202-298-6556 [mts@sustainableproducts.com](mailto:mts@sustainableproducts.com)

CMP is a nonprofit coalition that defined the business case as released at the NYSE that statistically in 10 years of data, green bonds and their underlying assets are more profitable, less risky, and preferred by investors with over \$70 trillion in assets. With leading investment banks, CMP developed consensus underwriting standards identifying increased green bond cash flow that resulted in higher bond credit ratings, and is structuring green bonds with investment banks, rating agencies, and investors. CMP is working to stimulate the economy and reduce the near term \$6 trillion / 60 gigatons in carbon pollution identified in the Business Case, to keep dangerous climate manageable and allow resilience to work, up 10 times since 2009.
