www.onyalife.com/eco-friendly-products Australian Company; all kinds of products; \$16 shipping

What **IS** a “Green” product? Some characteristics are:

- Designed or created without the use of toxic chemicals
- Can be recycled, reused and is readily biodegradable in nature
- Comes in eco-friendly packaging (no plastic) and uses the fewest resources
- Has reduced or zero carbon footprint
- Healthier for you, yours, and your Mother [Earth]—(as Jane Goodall says, “What you do makes a difference.”)
